Subject: Partial Release of Reclamation Surety, USFS Pass Quarry, S/027/0121, Millard County, Utah

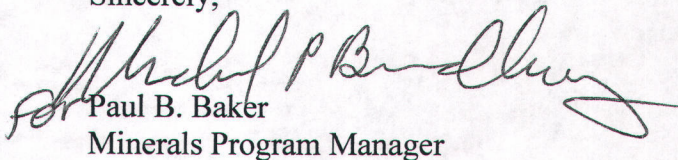

Dear Mr. Withers:

Please find enclosed a check in the amount of \$8600.00 which is a partial release of the reclamation surety being held for the USFS Pass quarry. A representative of the Division of Oil, Gas and Mining has inspected the site, and reclamation (regrading) has been satisfactorily completed to justify the release of \$8,600.00 from the cash surety of \$14,600.0.0. The amount of \$6,000 has been retained to ensure reclamation and revegetation of the remaining disturbance.

The Division will periodically inspect revegetation of the site to evaluate revegetation success. While the Division is unaware of any immediate weed concerns at the site, be aware that unaddressed weed problems can significantly delay final release of reclamation surety.

Please contact Peter Brinton at 801-538-5258 or me at 801-538-5261 if you have any questions or concerns regarding this action. Thank you for your cooperation.

Sincerely,

  
Paul B. Baker  
Minerals Program Manager
